Pursuant to the provisions of the Agricultural Adjustment Act, approved May 12, 1933, as amended

NOTICE IS HEREBY GIVEN of a hearing to be held on October 11, 1935, at 10 o'clock A. M., in Room 1095, South Building, Department of Agriculture, Washington, D. C., at which interested parties may be heard on the following questions:

SUGAR REFINERS WITHDRAW AGREEMENT
AT HEARING BEFORE A. A. A. OFFICIALS

The supplemental marketing agreement and code of fair competition filed with the Agricultural Adjustment Administration by the domestic cane sugar refiners' group was withdrawn this morning by Wilbur Cummings, attorney for those interested, at the public hearing on the basic sugar marketing agreement and six supplemental codes and agreements.

The hearing then turned to the beet sugar industry code of fair competition and marketing agreement and most of the day was taken up in discussing various features of the proposed agreement and code.

In response to a query by Mr. Cummings, the refiners' attorney, as to whether there will be a sugar stabilization agreement including participation of the refiners, the presiding officer, Mr. Thomas Woodward, stated that "it is expected that a draft of a sugar stabilization agreement will shortly be evolved."

Late this afternoon the matter of wages and hours of labor in the beet processing industry and the domestic cane sugar refiners' industry came before the hearing and the proceedings were turned over to officials of the National Industrial Recovery Administration.

SUGAR HEARINGS SET
FOR AUGUST 16

Two codes and two marketing agreements covering the handling and distribution of beet and refined cane sugar in United States, all to be correlated, will be the subject of a public hearing set for August 16 by Acting Secretary of Agriculture Rexford Tugwell.

The Sugar Institute of New York City, representing the domestic cane-sugar refiners, has submitted a code of fair competition and a marketing agreement covering trade practices of that industry. The code has provisions on labor, wages and hours.

These supplementary codes and agreements are provided for in the proposed basic sugar marketing agreement which will be the subject of a public hearing on August 10.

Representatives of these various groups are expected to meet with Dr. John Lee Coulter, Sugar Coordinator, before the hearing date and endeavor to harmonize the codes and supplementary agreements. Tomorrow, Dr. Coulter expects to meet with the cane refiners and beet processors to harmonize their proposals, then with representatives of other groups.

Copies of these proposed agreements and codes are on file with the Hearing Clerk of the Agricultural Adjustment Administration and may be examined in his office.

HOLD SUGAR AGREEMENT
HEARING ON AUGUST 10

Secretary of Agriculture Wallace today fixed August 10 for the formal public hearing on the proposed basic sugar marketing agreement submitted to the Agricultural Adjustment Administration by the Committee appointed as a result of the general sugar conference held here June 27.

This agreement contemplates quotas for the various producing areas of sugar supplying the Continental United States market and provides for setting up a "Sugar Stabilization Board" with broad supervisory powers in determining the daily quoted price for raw cane sugar.

The fact that the agreement provides for the adoption of supplemental agreements or codes is recognized in the notice of hearing signed today by Secretary Wallace. These supplemental agreements, dealing with the marketing, distribution and handling of refined sugar, are expected to be completed shortly and in the hands of the Department and to be heard at the same hearing provided for the basic agreement on August 10.

NOTICE OF HEARING WITH REFERENCE TO A PROPOSED MARKETING AGREEMENT

Under the Agricultural Adjustment Act, approved May 12, 1933, as amended, and under the General Regulations, Series 1, Revision 1, of the United States Department of Agriculture, Agricultural Adjustment Administration, issued pursuant to said Act,

NOTICE IS HEREBY GIVEN of a hearing to be held in the Hearing Room, United States Tariff Commission Building, 7th and E Streets, N.W., Washington, D.C., on August 10, 1933, at 9:30 a.m., at which hearing interested parties will be heard, with reference to a proposed Sugar Marketing Agreement, which the Committee appointed as the result of the General Conference of the Sugar Industry, held in Washington, on June 27, 1933, has requested the Secretary of Agriculture to enter into pursuant to Section 8 (2) of said Act. A copy of such Agreement is now on file and available for public inspection at the Office of the Chief Hearing Clerk of the Agricultural Adjustment Administration in the Department of Agriculture, Washington, D.C. NOTICE OF HEARING UPON THE PROCESSING TAX
ON SUGARCANE USED IN THE PROCESSING OF
INVERT SIRUPS WITH REFERENCE TO THE ACCUMU-

Under the Agricultural Adjustment Act, approved May 12, 1933, as amended, and under the General Regulations, Series 1, Revision 1, of the United States Department of Agriculture, Agricultural Adjustment Administration, issued pursuant to said Act,

NOTICE IS HEREBY GIVEN THAT the Secretary of Agriculture has reason to believe that a processing tax on sugarcane used in the processing of invert sirups, at the rate of .5 cents per pound of sugar raw value (which rate, except as limited by the amount of the reduction by the President on a pound of sugar raw value of the rate of duty in effect on January 1, 1934, under paragraph 501 of the Tariff Act of 1930, as adjusted to the treaty of commercial reciprocity concluded by the United States and the Republic of Cuba on December 11, 1902, and/or the provisions of the Act of December 17, 1903, Chapter I, equals the higher of the two following quotients: The difference between the current average farm price and the fair exchange value (1) of a ton of sugar beets and (2) of a ton of sugarcane, divided in the case of each commodity by the average extraction therefrom of sugar in terms of pounds of raw value), will cause such a reduction in the quantity of sugarcane used in the processing of invert sirups domestically consumed, as to result in the accumulation of surplus stocks of sugarcane or invert sirups processed therefrom, or in the depression of the farm price of sugarcane. A hearing thereon will be held at the Mayflower Hotel, Washington, D.C., on January 29, 1935, at 9:30 A.M. This hearing is held pursuant to Section 9 (b) of the aforesaid Act, as amended.

If, thereupon the Secretary of Agriculture finds that such results will occur, then the processing tax on sugarcane used in the processing of invert sirups shall be at such rate as will prevent an accumulation of surplus stocks of sugarcane and invert sirups, and the depression of the farm price of sugarcane.
